behind institutions behind constitutional forms and modifications lie the vital forces that call these organs into life and shape them to meet changing conditions the peculiarity of american institutions is the fact that they have been compelled to adapt themselves to the changes of an expanding people to the changes involved in crossing a continent in winning a wilderness and in developing at each area of this progress out of the primitive economic and political conditions of the frontier into the complexity of city life said calhoun in 1817 we are great and rapidly i was about to say fearfully growing so saying he touched the distinguishing feature of

american life all peoples show development the germ theory of politics has been sufficiently emphasized in the case of most nations however the development has occurred in a limited area and if the nation has expanded it has met other growing peoples whom it has conquered but in the case of the united states we have a different phenomenon

literary works through their very personal means of characterization reveal the direct effect of politics on individuals in a way a political treatise cannot the distinguished contributors to this volume share the belief that shakespeare is the author who most effectively sets forth the multifarious pageant of politics shakespeare s rich canon presents monarchy and republic tyrant and king thinker and soldier and christian and pagan the twelve essays in shakespeare

s political pageant discuss a broad range of shakespeare s dramatic poetry from the perspective of the political theorist this innovative book demonstrates the immense value of seeing shakespeare s plays in the context of political philosophy it will be an important source for students and scholars of both political science and literature

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available

for future generations to enjoy
